

# The Poynt Apps Marketplace

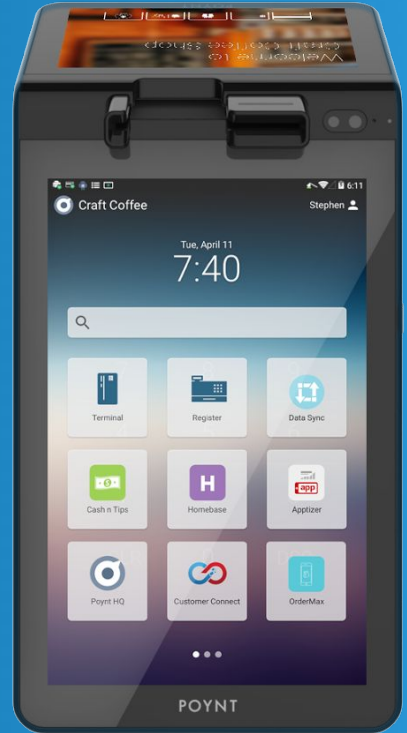

# More Than Just a Payments Experience

## **Agenda**

1. Poynt Apps Marketplace
  - a. Overview
  - b. Manage subscriptions
  - c. Points to note
2. App Details

# Section 1: Poynt App Store

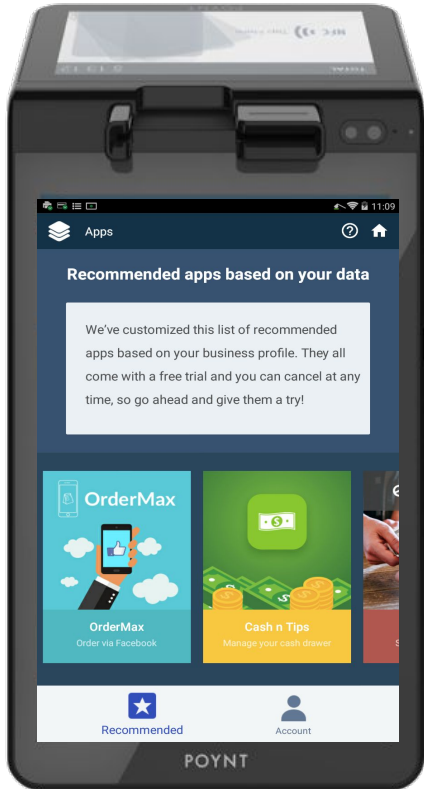

# What is the Poynt Apps Marketplace?

- The Poynt Apps Marketplace contains apps customers need to optimize their business
- ~16 apps are live and 5 more apps are currently being reviewed/piloted

# Value Proposition for merchants

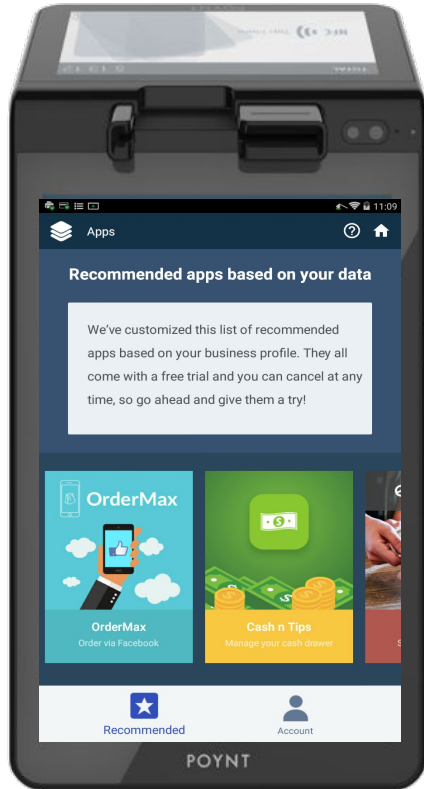

## Why should merchants use apps?

- Save time
- Automate repetitive tasks
- Improve topline
- Reduce costs (Accountant, Employee time)
- Tap in new ways to improve their top line & bottom-line
- Simplify business operations

## What we are doing to help them discover apps

- App stores has a variety of apps that merchants need to customize their Poynt experience, from Loyalty and Accounting, to Order Ahead
- Customers can try out each app for free
- Manage subscriptions from the device and web

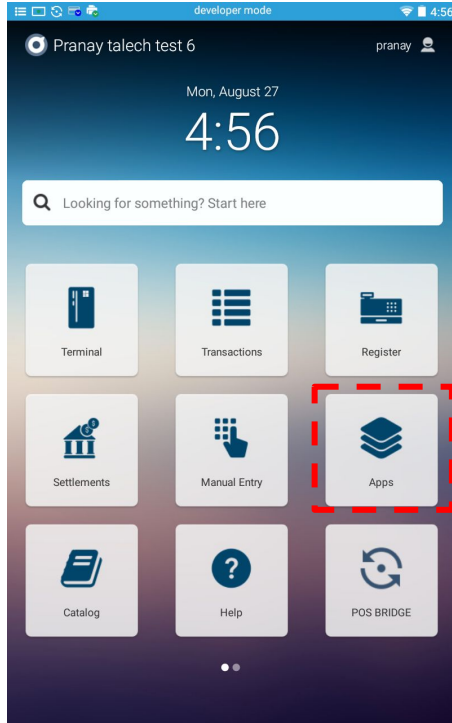

# Value Proposition for Elavon

- Apps create a sales advantage; instead of buying on rate, merchants are buying innovation and utility
- App usage creates a sticky experience; merchants with more Elavon services are less likely to churn
- Historically B2B SaaS companies have <10% annual churn rates
- App adoption will lead to businesses building processes around the Poynt device

# Discover apps via the app store

# Key Points to note (1/2)

POYNT

- User Roles:
  - Only Managers and Owners can subscribe to apps
  - Employees will be prompted to change login if they try subscribing
- Billing Mechanism
  - Payment for a month is taken in advance on the 1st of every month (Eg 1st Jun 2018)
  - Invoices are shared with merchants on the 23rd of the preceding month(eg 23rd May for a 1st June billing)
  - For billing/refund/support queries: [billing@poynt.com](mailto:billing@poynt.com)
  - **Plan Scopes**
    - *Device*: Charged per device (Subscription tied to a device serial)
    - *Store*: Charged for Store ID (MID)
    - *Business*: Charged per Business ID

# Key Points to note (2/2)

- Lifecycle Management
  - (In Development) Emails reminding merchants trial is about to end
  - (In Development) FAQ/How to set-up email on subscription
- Marketing & Sales support
  - Monthly emails showcasing an app, and details about a few
  - **(In Progress) Developer Marketing Program**
    - Segment specific pitches (Retail/ Food & Dining/ Health & Beauty etc)
    - Videos/ Focused descriptions, better FAQ
  - [Poynt Sales hub](#) (For App one-pagers)

# Explore & subscribe from the web HQ

The screenshot displays the Poynt web interface. The top navigation bar includes links for SALES & REPORTS, **STORE**, BUSINESS, PRODUCTS, and SUPPORT. A user profile for MERCHANT PRAVEEN PAYPAL is visible on the right. The left sidebar contains links for Store, Orders, **Apps**, Subscriptions, Billing info, and Receipts. The main content area is titled 'Apps we recommend for your business' and features a grid of app cards. The 'Data Sync' card is highlighted with a red dashed box and a circled '2'. The 'Apps' link in the sidebar is also highlighted with a red dashed box and a circled '1'.

**Recommended Apps**

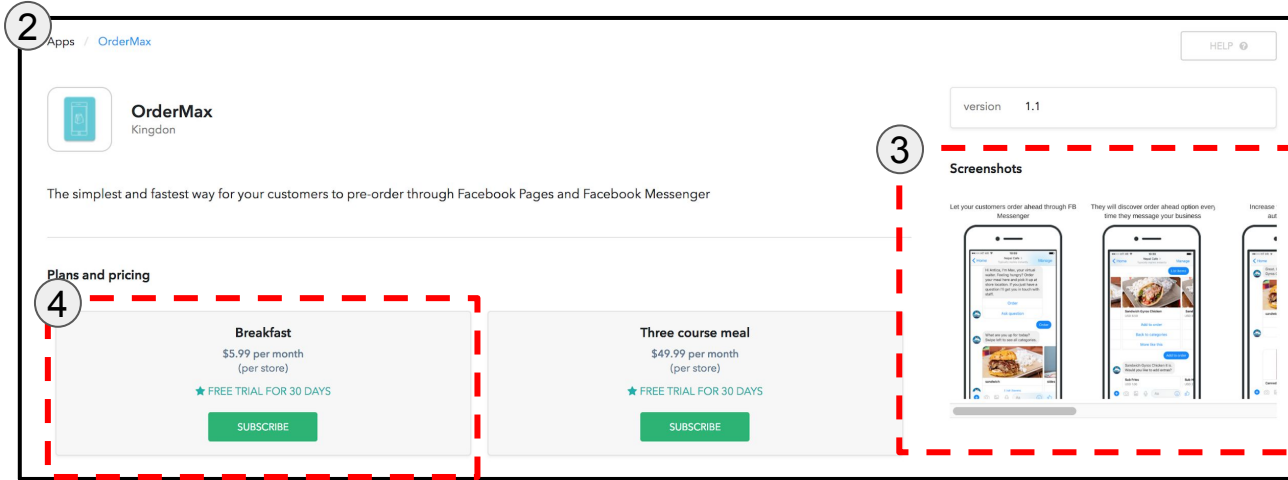

We've customized this list of apps based on your business profile. They all come with a free trial, so go ahead and give them a try!

- Time Clock**  
Homebase is the easiest way to track time for your employees. Free Time Clock tools including: 1. Clock in, clock out + track breaks 2. Declare cash tips 3. Utilize server banking 4. Integrated credit card tips 5. Payroll-ready timesheet export Free
- Data Sync**  
The app allows to link Poynt to Quickbooks online for transaction and order sync. Once the linking is done, the transaction sync will happen after each settlement or once a day.
- HQ**  
Poynt HQ is a remote control for your business. It comes free with the Poynt Smart Terminal and lets business owners monitor real time sales data, create or refund transactions, and get powerful insights about their customers and business from their

  4. Hiring (Newly added)
  5. Manager Log
  6. Track Sales vs Labor data
  7. GPS based clock in (For offsite work)
- More Details [\(Link\)](#)

## Key Sales points

### Ask Your Merchants Three Simple Questions:

Do your employees ever show up late?

Poynt will automatically send your employees a shift reminder one hour before their shift (thanks to the Homebase app).

Do employees call to ask "When Am I Working Again?"

With Poynt, employees have access to their schedule at their fingertips via Smart Phone, Text Messaging, Email and Online (thanks to the Homebase app).

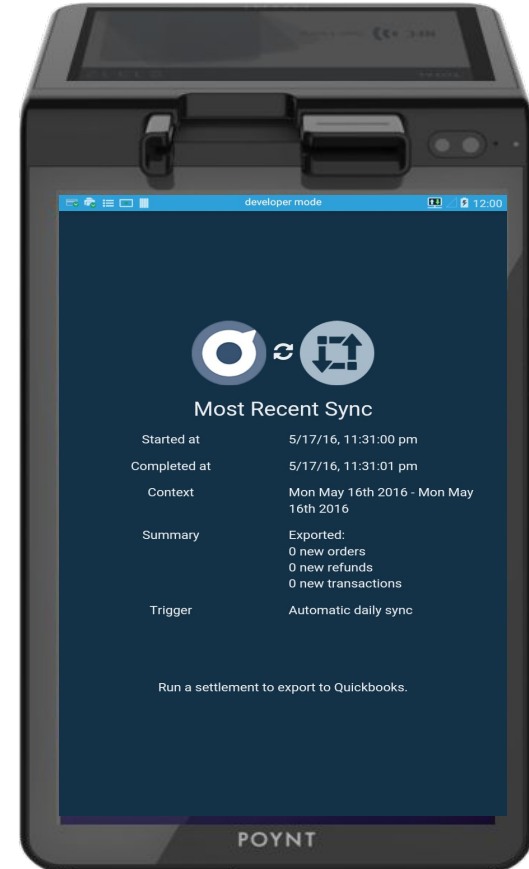

Do you take notes to remember Time-Off Requests?

Poynt will remember any approved time-off requests and employees preferred availabilities and alert you if you have a schedule conflict (thanks to the Homebase app).

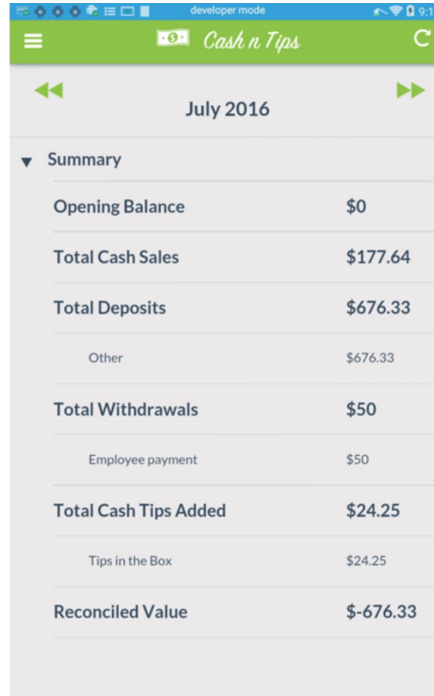

# Datasync
